ENTRY GUIDELINES

Entering the 2025 Eat Drink Design Awards

Entries will be accepted until Friday 18 July 2025. All entry submissions must be made online (eat-drink-design.com) including responses to written criteria and upload of images and drawings.

ENTRY

There are four simple steps involved in submitting your entries.

01 CREATE YOUR ACCOUNT

To commence your submission, you must first create your account. Refer MY ENTRIES on the awards site: eat-drink-design.com.

Once you have commenced a submission, you can log in and out at any time without losing your data, but we do recommend that you first complete the written responses in a Word document before cutting and pasting into the online entry form.

02 CHOOSE AWARD CATEGORY

There are seven categories (following), which each attract entry fees. Look at the category descriptions to select the most appropriate for your project. Projects may be entered into more than one category where appropriate (each entry requires a separate submission and fee).

03 CREATE ENTRY SUBMISSION

Before beginning your entry submission, read the Conditions section. Submitting an entry means that you have read and agreed to all the conditions, including obtaining appropriate releases and authorities in writing from your client, photographer and, where applicable, the principal of the design practice.

You will be prompted to respond to specific written criteria (following) and to upload supporting materials (images, floorplans, drawings etc.).

IMAGES

You must submit 6 to 15 images (not computer generated renders or conceptual mock-ups) of your project in high-resolution format. Use the highest quality JPG setting available. TIF images will not be accepted.

Submit JPG images that are at least 3500 pixels wide (max. 8500 pixels), with a file size no larger than 20 MB. Images of at least 4500 pixels wide are preferred and will enable a higher-quality print coverage. If your images are coming in above the 20 MB size limit, try re-saving them in Photoshop and reducing the JPEG compression level to 8.

To maintain anonymity during judging, no design practice names may appear on images, floor plans or written support materials, however, client names may be included.

DRAWINGS, PLANS AND ELEVATIONS

You may also submit one PDF with up to five pages of relevant drawings in vector-based PDF format (site plan, floor plan, sections, elevations and/or any other relevant drawings or diagrams, such as concept sketches and images of models), with a file size no larger than 10 MB. Drawings must include a scale bar, key and north point.

VIDEO CONTENT (OPTIONAL)

You may submit a brief video to be used for publicity. It won't be viewed by the jury. Upload to Vimeo or YouTube and include the URL, where prompted.

04 ENTRY SUBMISSION AND PAYMENT

Once you have completed steps one to three (above) you may pay for and submit your project.

The first primary category entry attracts a fee of \$395, with subsequent primary category entries charged at \$295 each. The system will automatically charge subsequent entries (i.e. from the same applicant) at the reduced rate.

Each submission and payment is confirmed by the issuing of a tax receipt, which is sent to your email address. Retain a copy for taxation purposes. Visa, Mastercard and Amex are accepted.
